

Ellis & Associates International Lifeguard Training Program™

Previously known as the National Pool and Waterpark Lifeguard Training Program™ (NPWLTP), the ILTP™ was originally developed in 1983 to address waterpark safety issues. Due to great demand for this quality program, it quickly expanded into pools, open water environments, and resorts. The new name, International Lifeguard Training Program™ (ILTP), re-

fects this expansion. Over its 20-year history, this training program has been credited by national and international

agencies for revolutionizing the standards of the aquatic safety industry.
